ORANGES—OUR MOUNTAIN ORANGES ARE THE BEST QUALITY. RIFE, sweet and good flavor. It pays to trade at headquarters. ALTHOUSE FRUIT CO., 213-215 W. Second St.

LOS ANGELES

Had Its Day in the Senate Yesterday.

Bill Passes for an Addition to the Public Building.

The Work to Cost a Quarter of a Million Dollars.

Mr. Allen Objects to Immediate Consideration of the Immigration Bill—Committee Assignments Rearranged.
[ASSOCIATED PRESS NIGHT REPORT.]
WASHINGTON, Dec. 13.—[Exclusive Dispatch.] An addition will be made to the Los Angeles public building. This seems assured. Today Senator White passed through the Senate a bill appropriating \$250,000 to build an annex to the present building. This bill will be reported to the House tomorrow and then be referred to the Committee on Public Buildings and Grounds. Senator White will go before the committee and make an argument in behalf of the bill. He will tell the committee the necessity for passing the bill, and cite the fact that the net receipts of the Los Angeles Postoffice last year were \$190,000, which were greater than those of any city west of the Rockies except San Francisco and Denver.
"I think I will be able to pass the bill," said Senator White tonight. "This thing is certain, that if this bill fails, no other public-building bill shall go through."
Senator White has with him in the fight for the Los Angeles public building all of the California Congressmen. There are many public-building bills pending before Congress, but in view of the fact that the President has asked Congress to cut down expenses, most of these bills must certainly fail. As there is immediate necessity for the addition to the present building at Los Angeles and as the government will save money by having the annex built now, there is no likelihood that the bill will be defeated.
Senator White says that the failure of Congress to pass this bill will result in a loss to the government of several thousand dollars, for the building must inevitably be constructed, and if Congress delays, it will have to pay more for land than at present.

PHOCION.
HOUSE AND SENATE.
WASHINGTON, Dec. 13.—Mr. Lodge of Massachusetts made an effort in the Senate today to secure an immediate vote upon his Immigration Bill, which is substantially the same that was passed by the Fifty-fourth Congress and vetoed by President Cleveland. Mr. Allen of Nebraska objected to an immediate vote, and suggested that the final vote on the amendments to the bill be taken January 17 at 3 p.m. This suggestion was accepted by Mr. Lodge, and the order for a vote at that time was made.
Mr. Gorman, chairman of the Democratic Steering Committee, presented an order, which was adopted, rearranging some of the committee assignments of some of the Democratic members, made necessary by the incoming of new members.
Excepting the reporting of the Legislative and Executive and Judiciary Appropriation Bill, which is to be considered tomorrow, the House did no public business today. The entire session was consumed in adjusting a personal dispute between Mr. Hepburn of Iowa and Mr. Norton of Ohio, which grew out of a controversy that occurred last week during the debate on the Pension Bill. The point at issue was as to whether a certain word in the bill should be "most" or "many" in reference to soldiers on the pension roll. It was "most" in the original bill, but the speech when printed was changed to "many."
Mr. Hepburn insisted that the use of the word "many" placed him in a false light.
After a debate which consumed more than two hours, the House, on a rising vote 136 to 121, sustained Mr. Hepburn's motion to make the permanent record show that Mr. Norton's speech referred to the Pension Bill. The House then, with the exception of Mr. Fleming (Dem.) of Georgia, who voted with the Republicans, the House voted with the Democrats. The House then, at 2:45 p.m., adjourned until tomorrow.

LESS THAN ESTIMATES.
[ASSOCIATED PRESS NIGHT REPORT.]
WASHINGTON, Dec. 13.—The Legislative, Executive and Judiciary Appropriation Bill, as reported to the House today by the Committee on Appropriations, carries a total of \$21,552,461, being \$70,560 less than the estimates. The number of salaries provided for is 10,000, being 195 less than the number estimated, and twenty-five less than the number provided for in the current law.
UNSHACKLING JUSTICE.
Senator Perkins' Bill to Effect Speedier Execution.
[ASSOCIATED PRESS NIGHT REPORT.]
WASHINGTON, Dec. 13.—Senator Perkins of California today introduced the Revised Statutes relating to the appeal on habeas corpus of criminal cases to the Supreme Court of the United States. The object is to do away with numerous appeals by attorneys of the State, and enable them to gain time.
Senator Perkins presents the Durand case as a particularly strong example of this sort. In this connection he said that if a system were established, there would never be another issue of bonds by the government in time of peace. It would give men of small means an opportunity to increase their capital, would place a

greater amount of money in circulation, and afford benefits to all the people of the United States.
A bill providing for the erection of an addition to the public building at Los Angeles, Cal., to cost \$250,000, was passed.
Mr. Gorman of the Democratic Steering Committee presented an order making some changes in the Democratic representation in standing committees of the Senate. The order provided that Mr. Jones of Arkansas be appointed chairman of the Committee on Private Land Claims; Mr. Daniel, chairman of the Committee on Corporations in the District of Columbia; Mr. Turpie, chairman of the Committee on Investigation of the Condition of the Potomac River Front at Washington; Mr. Berry, chairman of the Committee on Woman Suffrage; Mr. Ray, chairman of the Committee on Additional Appropriations for the Library of Congress; Mr. Pascoe of Florida, chairman of the Committee on the Five Civilized Tribes of Indians.
Other Senators were assigned to committees as follows: Mr. Daniel of Virginia to the Committee on Finance; Mr. Mills of Texas to the Committee on Commerce; Mr. Pettus of Alabama, to the Judiciary; Mr. Chandler of Mississippi to Agriculture and Forestry, Railroads, Postoffices and Post-roads, Public Buildings and Grounds and Geologic Survey; Mr. Turpie of Tennessee to Private Land Claims, Privileges and Elections, Transportation Routes to the Seaboard, Education and Labor and the Census; Mr. Ray of Mississippi to Agriculture and Forestry, Railroads, Postoffices and Post-roads, Public Buildings and Grounds and Geologic Survey; Mr. Turpie of Tennessee to Private Land Claims, Privileges and Elections, Transportation Routes to the Seaboard, Education and Labor and the Census; Mr. Ray of Mississippi to Agriculture and Forestry, Railroads, Postoffices and Post-roads, Public Buildings and Grounds and Geologic Survey; Mr. Turpie of Tennessee to Private Land Claims, Privileges and Elections, Transportation Routes to the Seaboard, Education and Labor and the Census; Mr. Ray of Mississippi to Agriculture and Forestry, Railroads, Postoffices and Post-roads, Public Buildings and Grounds and Geologic Survey; Mr. Turpie of Tennessee to Private Land Claims, Privileges and Elections, Transportation Routes to the Seaboard, Education and Labor and the Census; Mr. Ray of Mississippi to Agriculture and Forestry, Railroads, Postoffices and Post-roads, Public Buildings and Grounds and Geologic Survey; Mr. Turpie of Tennessee to Private Land Claims, Privileges and Elections, Transportation Routes to the Seaboard, Education and Labor and the Census; Mr. Ray of Mississippi to Agriculture and Forestry, Railroads, Postoffices and Post-roads, Public Buildings and Grounds and Geologic Survey; Mr. Turpie of Tennessee to Private Land Claims, Privileges and Elections, Transportation Routes to the Seaboard, Education and Labor and the Census; Mr. Ray of Mississippi to Agriculture and Forestry, Railroads, Postoffices and Post-roads, Public Buildings and Grounds and Geologic Survey; Mr. Turpie of Tennessee to Private Land Claims, Privileges and Elections, Transportation Routes to the Seaboard, Education and Labor and the Census; Mr. Ray of Mississippi to Agriculture and Forestry, Railroads, Postoffices and Post-roads, Public Buildings and Grounds and Geologic Survey; Mr. Turpie of Tennessee to Private Land Claims, Privileges and Elections, Transportation Routes to the Seaboard, Education and Labor and the Census; Mr. Ray of Mississippi to Agriculture and Forestry, Railroads, Postoffices and Post-roads, Public Buildings and Grounds and Geologic Survey; Mr. Turpie of Tennessee to Private Land Claims, Privileges and Elections, Transportation Routes to the Seaboard, Education and Labor and the Census; Mr. Ray of Mississippi to Agriculture and Forestry, Railroads, Postoffices and Post-roads, Public Buildings and Grounds and Geologic Survey; Mr. Turpie of Tennessee to Private Land Claims, Privileges and Elections, Transportation Routes to the Seaboard, Education and Labor and the Census; Mr. Ray of Mississippi to Agriculture and Forestry, Railroads, Postoffices and Post-roads, Public Buildings and Grounds and Geologic Survey; Mr. Turpie of Tennessee to Private Land Claims, Privileges and Elections, Transportation Routes to the Seaboard, Education and Labor and the Census; Mr. Ray of Mississippi to Agriculture and Forestry, Railroads, Postoffices and Post-roads, Public Buildings and Grounds and Geologic Survey; Mr. Turpie of Tennessee to Private Land Claims, Privileges and Elections, Transportation Routes to the Seaboard, Education and Labor and the Census; Mr. Ray of Mississippi to Agriculture and Forestry, Railroads, Postoffices and Post-roads, Public Buildings and Grounds and Geologic Survey; Mr. Turpie of Tennessee to Private Land Claims, Privileges and Elections, Transportation Routes to the Seaboard, Education and Labor and the Census; Mr. Ray of Mississippi to Agriculture and Forestry, Railroads, Postoffices and Post-roads, Public Buildings and Grounds and Geologic Survey; Mr. Turpie of Tennessee to Private Land Claims, Privileges and Elections, Transportation Routes to the Seaboard, Education and Labor and the Census; Mr. Ray of Mississippi to Agriculture and Forestry, Railroads, Postoffices and Post-roads, Public Buildings and Grounds and Geologic Survey; BALL TO ROLL HIGH.

CLAIMS TO BE A RELATIVE OF GEORGE WASHINGTON.

Looks Forward to the Possession of Vast Estates and Consequent Wealth.

AT PRESENT A HUMBLE WAITER BUT HAS ENGAGED COUNSEL, AND HIS HOPES ARE HIGH.

Advance in Freight Rates—Salmon Fishery Operations—Beet Sugar at Chicago—California Fruit Abroad—Durrant.

(ASSOCIATED PRESS NIGHT REPORT.)
STOCKTON, Dec. 13.—Clement V. Ball, a waiter at the Commercial Hotel, claims to be a relative of George Washington. If he is correct, Ball is one of the heirs to one of the largest estates in the country. The matter all came up through a letter which he received yesterday from his brother in Chicago.

The Ball family has in its possession, so Clement says, records which, as far as they know, establish their lineal connection with the family of Washington. It is some years since he has seen these documents, but they are in the family Bible. As far as he can remember, the sister of the grandfather of Joseph Ball, who died in 1812, was Washington's mother. His connection with Joseph Ball is, therefore, not so far removed and brings him in direct line with the "Father of his country." There is a vast estate in four States of the South, which is soon to be divided. This estate is a little empire in itself, containing in all 47,000 acres in the States of Pennsylvania, Kentucky, Tennessee and Virginia. Shortly before Joseph Ball died he leased this vast holding for a period of ninety years, and since then there has been some uncertainty as to the affairs of the estate. The lease expires in 1913, and that is why there is this publicity on the part of the heirs. Ball says that in all there are over sixty of these heirs.

Clement Ball has placed his interests in the hands of E. Myron Wolf, a San Francisco attorney.

FOR THE FOURTH TIME.

Durrant Will Be Sentenced to Death Tomorrow.

(ASSOCIATED PRESS DAY REPORT.)

SAN FRANCISCO, Dec. 13.—Theodore Durrant will next Wednesday hear pronounced for the fourth time the official words of doom. Judge Bahrns so decided today, upon the motion of Dist. Atty. Barnes. No exciting circumstances attended the court's action. When court opened Dist. Atty. Barnes called attention to the fact that the judgment of death pending against Durrant had not been executed, and suggested that a writ of habeas corpus be granted. He then moved for judgment upon the court to fix a day upon which the day of execution could be set.

"I have," continued Mr. Barnes, "notified counsel for the defendant that action would be taken by the court today. Furthermore, I have prepared an affidavit which I now file with the court, proving that the execution of Durrant has been carried into effect. That affidavit is subscribed to by my assistant, Walter Blair. Upon the facts presented in that affidavit it is apparent that the court should order the prisoner produced in court at a day to be fixed by you, that a day for executing judgment upon him may be set."

"The defense objects to the court's making any order," said Eugene Deuprey, who had been counsel for Durrant, sitting silently beside the District Attorney, "on the ground that the court has no jurisdiction to make such order. We ask for a ruling upon our objection."

"Your objection is overruled," replied Judge Bahrns. "Copies of the mandates by the Federal and the State Supreme courts in this matter have been filed in this court, and there now appears no reason for further delay. Very well," said Deuprey, "we take an exception. We would request," he continued, "that if the court persists in proceeding with this matter, that Monday next be selected as the day for producing the prisoner in court. I am engaged in another court, and make this request for my personal convenience."

"Your request cannot be granted," replied the court. "An early date must be chosen. The order of the court is that the defendant be brought into court Wednesday morning next."

GIBSON'S DISCOURTESY.

(ASSOCIATED PRESS DAY REPORT.)

SAN FRANCISCO, Dec. 13.—The Rev. J. George Gibson has refused to see the mother of Theodore Durrant. Mrs. Durrant went to him with word from her son. She was turned away, and the message from the mother and man at San Quentin to the minister, asking him to make public whatever he may know about the murders, was not delivered.

STAMPEDED BY HUNGER.

A Wild Rush to Get Away from Dawson to Food.

(ASSOCIATED PRESS DAY REPORT.)

VICTORIA (B. C.), Dec. 13.—The steamer Topeka, from Dyea, brings news that more than a thousand ill-provisioned men stampeded from Dawson during the latter part of October, and, impelled by the haunting fear of famine, are now madly forcing their way over the mountains.

Auk, the Indian mail-carrier, who brought this report to Dyea, left the Yukon capital fully ten days after the Dalton party. He says that the guard of the terror-stricken army is following less than a week behind him. Auk declares that fully 25 per cent. of the stampeding army will never live to see the terrors of their flight from the north.

The river steamers Bella and Weare, now plying, did not land more than a hundred tons of provisions on their arrival in Dawson in the early part of October, owing to their having been held up at Circle City. The only bright light of the present situation is that he crossing of the pass above Dyea and Skagway has lately been greatly improved, and within a month will be excellent condition.

Dyea parties, headed by George F. Ulmer, propose to go to the relief of the hungry at Dawson City. They will take the United States government steamer to deliver 50,000 pounds of provisions within fifty days after the time starting for Dawson for the sum of \$9,000. They already have 5,000 pounds of provisions cached at Lake Bennett, which they will take in over the Chilcot Pass this winter. Ulmer will go with the next steamer to lay his disposition before the Secretary of War. It is stated that material for the

proposed railroad over Taku Pass has already been shipped from the East.

THOSE YUKON STEAMERS.

(ASSOCIATED PRESS NIGHT REPORT.)

SEATTLE (Wash.), Dec. 13.—Moran Bros. today made the announcement that all details had been completed for the construction of sixteen river steamers for the Yukon Company. Next week the framing of the hulls will be commenced, for which forty acres of tidal lands have been leased. Within two weeks 1200 men will be at work. The steamers will be completed and towed to the mouth of the Yukon by the time the river opens for navigation. The contract price of the steamers is \$1,600,000.

SUPREME COURT OVERRULED.

Interesting Decision in the Case of C. R. Bennett.

(ASSOCIATED PRESS NIGHT REPORT.)

SAN FRANCISCO, Dec. 13.—United States District Judge J. J. de Haven declared today that the judgment of the Supreme Court of California denying the motion for a restraining order in the case of C. R. Bennett was "void in the extreme sense," but refused to grant Bennett's application for a writ of habeas corpus on the sole ground that he should seek relief in the Federal courts by writ of review, and not on habeas corpus proceedings.

On January 8, 1895, C. R. Bennett, in the Superior Court of Alameda county, was placed on trial for the crime of an assault with intent to commit murder. The jury found him guilty of the lesser offense of an assault with a deadly weapon. Bennett was granted a new trial, and then, without any new indictment, in formation, presentment or accusation, was again placed on trial for the original offense.

He was on this trial found guilty as charged, and again applied for a new trial, making the point that he had been twice placed in jeopardy for the same crime of assault with intent to commit murder. The Superior Court granted the petition for a new trial, but in appeal, the Supreme Court reversed the order and remanded the case to the Superior Court. Bennett, accordingly, was sentenced to serve one year in the penitentiary for an assault with intent to commit murder. Bennett applied in the United States District Court for a writ of habeas corpus, basing his petition on the ground that his conviction had been in violation of the fourteenth amendment of the constitution of the United States, and was not reached according to due process of law. Judge De Haven, in his opinion, held that there could be no doubt that the verdict of the jury rendered upon the first trial of the prisoner, finding him guilty of the lesser offense of an assault with a deadly weapon, was, in legal effect, an acquittal of the higher offense charged in the information filed against him.

ADVANCE IN FREIGHT RATES.

But the Southern Pacific Will Carry Forks and Spoons Cheaper.

(ASSOCIATED PRESS NIGHT REPORT.)

SAN FRANCISCO, Dec. 13.—The Southern Pacific Company has completed its tariff of west-bound commodity rates agreed upon at the recent meeting of the transcontinental freight bureau in Chicago, and the tariff has been issued to take effect on the 15th inst. The new tariff provides many advances in rates from Chicago and New York on those commodities that have heretofore been carried for 50 to 75 cents per 100 pounds in carload lots. In some instances the advances are as high as 25 per cent. above the prevailing rate. The only reduction is on the item of spoons and forks. The water and rail line of the Southern Pacific via New Orleans will charge the same rate on shipments west-bound from New York to California as the all-rail lines will charge from Chicago.

WASHINGTON RAINSTORM.

A Freshet Is Threatened—Slides Expected.

(ASSOCIATED PRESS NIGHT REPORT.)

SEATTLE (Wash.), Dec. 13.—The heaviest rainstorm of which there is any record prevailed here between 10 o'clock last night and 10 o'clock today. During the twelve hours 2.74 inches of water fell. The effect has been to swell all the rivers, and to threaten a freshet. The Northern Pacific train was delayed several hours by a slide in the southern end of the city.

While workmen were clearing away a slide at Richmond Bay on the great Northern track, another cave-in occurred, and several men are reported injured. Full details have not been received, but Dr. J. B. Eagleston, the company's surgeon, who has just returned from the scene, reports that there were no fatalities. In consequence of the interruption the Great Northern east-bound overland was annulled this afternoon.

ROBBED A SHIPYARD.

Unconscious Tool Breaks Up Machinery for Old Iron.

(ASSOCIATED PRESS DAY REPORT.)

SAN FRANCISCO, Dec. 13.—Officers Thomas Ellis and James McGowan of the San Francisco harbor police arrested one "Henry Smith," on board the schooner Sophie E. in Oakland Creek, for complicity in the robbery of Whitelaw's shipyard and the destruction of several thousand dollars' worth of machinery belonging to the same. James Eaton, a lad 19 years of age, is held at the Central Police Station, also charged with the crime, but a third person implicated is still at large. Eaton appears to have been the unconscious tool of the other men, with whom he was engaged for a day and a half last week in demolishing a piece of machinery in the shipyard, in the belief that he was breaking it up for old iron.

MATERIAL FOR FISH STORIES.

The State Commission Breaks All Records at the Hatchery.

(ASSOCIATED PRESS NIGHT REPORT.)

ANDERSON, Dec. 13.—The work of collecting salmon eggs at the California Fish Commission hatchery on the Sacramento River at this point closed today. The results of the season's operations are the most remarkable on record. Forty-eight and a half million eggs were collected. This exceeds the previous records made at this station by 22,000,000, and is 28,000,000 more than were collected at all of the other hatcheries on this coast this year. These eggs will be hatched, and the fry planted in the waters of the State, with the exception of 3,000,000 that will go to the New England States station on the United States Commission car tomorrow.

THE CLEVELAND'S FATE.

Vessel's Owner Will Send a Tag to Inquire It.

(ASSOCIATED PRESS NIGHT REPORT.)

SAN FRANCISCO, Dec. 13.—The fate of the steamer Cleveland, which left this port for Seattle on December 4, is still in doubt. The vessel was not sighted in search of her, and the steam schooner Lakme, which left the Sound today for San Francisco, will go out to inquire for her.

of her course to look for the missing vessel.

The Cleveland carried a number of passengers, but the names of only two, W. L. Detrick and Frank Gertham, were booked with the agent, E. T. Kruse, in this city. The other passengers purchased their tickets of the purser at the wharf, and he carried the list to sea with him. It is presumed, however, that the passengers did not number more than thirty, and all of these took second-class passage.

TRAGEDY AT MODESTO.

Carpenter Owens Shoots His Wife and Daughter and Himself.

(ASSOCIATED PRESS NIGHT REPORT.)

MODESTO, Dec. 13.—This morning George C. Owens, a carpenter, fatally shot his wife, wounded his daughter, Mrs. W. F. Tiedemann, and attempted suicide. His act was the result of family troubles.

Two months ago Mrs. Owens applied for a divorce upon the grounds of extreme cruelty and failure to provide, and the suit is still pending. Since the commencement of the suit Mrs. Owens has been living at the residence of her son-in-law. Owens went to Tiedemann's house today while only the wife and daughter were present, and asked Mrs. Owens to return to him. She refused to do so, saying it was better that they should live apart. Owens thereupon drew a revolver and shot his wife twice and his daughter once. He fired two other shots, but missed the mark. He then reloaded his pistol and shot himself in the head, but only inflicted a scalp wound, which he soon recovered. He was arrested and taken to the County Jail. He said that he regretted that he had not killed his son-in-law. Mrs. Owens is in the breast and abdomen, and cannot live. Mrs. Tiedemann was wounded in the left breast, but will recover. The neighbors say that Owens was very cruel, and the feeling is very bitter against him. The death of Mrs. Owens is expected at any moment.

A LEAKING CRAFT.

Barkentine Leslie D. Is Turned Into Port Townsend.

(ASSOCIATED PRESS NIGHT REPORT.)

PORT TOWNSEND (Wash.), Dec. 13.—At 10 o'clock tonight the tug Leslie D. came into port, having in tow the American barkentine Leslie D. Capt. Asplund, which was picked up off Cape Flattery this morning. The barkentine left Knappton, on the Columbia River, lumber-laden for San Francisco. From the time she crossed the Columbia River bar, December 7, she had had terrible gales, which increased to a hurricane Thursday night.

The captain says the night was the most terrible one in his experience. The waves rolled mountain high, completely submerging the vessel, carrying away her deckload and everything else that was not hoisted and nailed, and stripping the masts of what little sail was being carried at the time. The barkentine filled, and the pumps aboard were manned. The tug Leslie D. then made that the craft had sprung a leak, and was making water as fast as it was being pumped out.

CAN REMOVE FOR CAUSE.

Supreme Court Decision in Favor of Sacramento's Trustees.

(ASSOCIATED PRESS NIGHT REPORT.)

SAN FRANCISCO, Dec. 13.—The Supreme Court affirmed the decision of the lower court of Sacramento county in the case of E. J. Croly against the Board of Trustees of the city of Sacramento. Charges had been filed against Croly, who was Superintendent of Streets by appointment of the trustees, that he had been guilty of embezzlement. When cited to appear before them he petitioned the Superior Court to prohibit them from proceeding against him. The petition was denied, and Croly appealed.

CALIFORNIA SHOT IN GERMANY.

A New Process of Canning That Enlarges Our Market.

(ASSOCIATED PRESS NIGHT REPORT.)

SAN FRANCISCO, Dec. 13.—Secretary Fletcher of the State Board of Trade has received information from Hamburg that the California process of cooking dried fruit has just been patented in Germany, and a company has been incorporated to conduct the business on a large scale. It is proposed, after cooking the dried product, to can it. There is a high demand for canned fruit, but the dried article pays but a light duty, so that an agent will be dispatched to this country in order that the new cannery may be run to its full capacity all through the year.

His Frightened Her Husband.

FRESNO, Dec. 13.—Mr. and Mrs. G. A. Saunders became involved in a family difficulty in their room at the West Moreland lodging-house last night. Saunders threatened to shoot his wife, but she secured the pistol and ran with him. In the hall he caught her, and in the struggle he discharged the pistol. The woman was discharged. This frightened Saunders that he let her wife go. The landlady of the West Moreland gave her a key to the room, and the woman will leave her husband.

CHINA SUGAR FACTORY OUTPUT.

CHINA, Dec. 13.—The sugar factory at this place closed down tonight, after the longest and most successful run ever had here in one season. The factory worked up a ton of sugar from 10,000 tons of beets, and paid out \$410,000 for the same. The output of sugar for the season was \$260,426, the balance going to the Anaheim and Hueneque farmers. The output of sugar for the season was \$260,426, the balance going to the Anaheim and Hueneque farmers.

Mill Wrecked by Breakers.

EUREKA, Dec. 13.—The Black Sand Mining Plant Mill, close to Little River beach, was wrecked during the storm last Friday night. The breakers cut away the sand, wrecking the big water-wheel for driving the machinery, carrying away the piping, demolishing the buildings and flooding the pit from which the auriferous sand is taken.

Ex-Banker Under Indictment.

EUREKA, Dec. 13.—A. W. Randall of the suspended Randall Banking Company has arrived here from his home at San Leandro, and will appear in the Superior Court tomorrow for arraignment on three charges, two for embezzlement and one for mayhem. The records of the defendant bank, which were brought against him by the late grand jury.

Schoedde's Second Trial.

SANTA CRUZ, Dec. 13.—Eleven jurors were secured today at the second trial of the case of Schoedde. The defense will endeavor to prove an alibi. It is understood that Mrs. George F. Plinter will be placed on the stand. Schoedde has not yet been brought, either at her husband's trial or that of Schoedde.

Suing for Insurance.

STOCKTON, Dec. 13.—The first of the three suits filed by the Pacific Coast Contract and Supply Company against insurance companies for the recovery of the \$48,000 loss of the great ship a year ago, was called for

trial here today. This one is against the Springfield Fire Insurance Company for \$3000. The answer of the company is that the technical, and does not give a full idea as to what the contest may hinge on in court. The total insurance in the three suits is about \$3000.

No Reward for Lynchers.

CARSON (Nev.), Dec. 13.—County Commissioners of Douglas county refused today to offer a reward for the apprehension of the lynchers of Adam Uter. A motion was made to offer a reward of \$500, but it received no second. The people are indignant. The Governor may now offer a reward of \$1000 on the part of the State.

New Lessees of 'Frisco Theaters.

SAN FRANCISCO, Dec. 13.—Friedlander, Gottlieb & Co., proprietors of the Columbia Theater, have signed papers giving them full control of the Baldwin and California theaters in this city and the McDonough Theater in Oakland. They claim to be independent of the eastern syndicate.

Northern Pacific Landslide.

TACOMA (Wash.), Dec. 13.—There are three landslides on the Northern Pacific near Seattle, which prevents the running of trains between Tacoma and that point, but the track is expected to be cleared by morning.

Ryland's Estate.

SAN JOSE, Dec. 13.—The will of the late C. T. Ryland has been filed for probate. The estate is valued at over \$500,000. The widow is given one-half and the remainder goes to the children, share and share alike, except about \$20,000 to charities.

Grand Rapids Man's Suicide.

PHOENIX (Ariz.), Dec. 13.—B. Sues of Grand Rapids, Mich., shot himself this morning in a local lodging-house, the bullet penetrating the forehead, making a wound that will prove fatal. No reason is known for the attempt at suicide.

Will Try a Prison.

SAN JOSE, Dec. 13.—Joseph Lasture, the youth who ran away from the lone and Whittier reform schools and proved totally incorrigible, was today sentenced to four years at Folsom prison.

Aged Couple to Wed.

SAN LUIS OBISPO, Dec. 13.—A marriage license was issued today to J. G. McFerrin, aged 73, and Mrs. E. J. Bueckler of Denver, Colo., aged 70. The couple are both ex-Superior of this county.

Indian Clubbed to Death.

VISALIA, Dec. 13.—News was received today that John Bill, an Indian, was clubbed to death last Friday night by another Indian named Dick. The murderer is still at large.

Dropped Dead from Apoplexy.

SAN LUIS OBISPO, Dec. 13.—William A. Dunbar, a prominent citizen of this county, dropped dead today from apoplexy.

Insane Over Religion.

FRESNO, Dec. 13.—William Hendrickson, a ranch hand, committed suicide here today by blowing out his brains. Hendrickson had gone insane over religion.

HANGED THE NEGROES.

LOUISIANA PEOPLE HOLD UP A TRAIN TO DO IT.

(ASSOCIATED PRESS NIGHT REPORT.)

Two Colored Murderers Start for New Orleans in Care of Sheriff for Safe Keeping, but They Never Get There.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW ORLEANS, Dec. 13.—Two negroes who were arrested for the murder of a storekeeper named Babin at St. Gabriel, La., were lynched tonight. The proof of their guilt was conclusive, and popular indignation was great. Sheriff Brown, fearing a jail delivery, put the blacks on the Texas and Pacific train to be taken to New Orleans for safe keeping. The people stopped the train six miles below Plaquemine, locked up the conductor and Sheriff, took the negroes off and hanged them in the woods.

RAILROADERS OWN IT ALL.

Have Control of Greater New York's Immense Water Front.

(ASSOCIATED PRESS DAY REPORT.)

NEW YORK, Dec. 13.—According to the Herald the trunk-line railroads have succeeded in obtaining control of the entire water front of Greater New York. It is claimed that independent lighterage men are not allowed to touch at their docks in many cases. In other cases, the railroads, it is asserted, discriminate against independent boatmen, allowing them only 2 cents a hundred pounds on freight. The railroad companies, it is also claimed, allow only 2 cents a hundred pounds on freight. It is also announced that many of the lighterage and large cranes are going out of the lighterage business on account of the alleged discrimination.

PARTITION BEGUN.

The Novosti of St. Petersburg on the Occupation of China.

(ASSOCIATED PRESS NIGHT REPORT.)

ST. PETERSBURG, Dec. 13.—[By Associated Cable.] The Novosti declare that the absence of protests from the powers at Germany's evident determination to remain at Kiaochow Bay indicates that the partition of China has actually begun, and will proceed quickly. Another newspaper expresses the belief that the United States, among other powers, may object to the permanent occupation of Kiaochow Bay by Germany.

Murderer's Testimony Inadmissible.

WASHINGTON, Dec. 13.—An opinion was reached by Justice White in the Supreme Court today in the case of Thomas Bram, under sentence of death in Massachusetts for murder committed at sea. He was accused of murdering the captain, mate and captain's wife of a vessel bound for South America. The court reversed the decision of the court below on the grounds that Bram's testimony should not have been admitted as testimony.

In Behalf of Ebanks.

WASHINGTON, Dec. 13.—In the United States Supreme Court today Hon. Thomas C. Catchings, representing Attorney General of California, entered a motion to dismiss or affirm the opinion of the Supreme Court of the Northern District of California in the case of Joseph J. Ebanks. Ebanks is under sentence of death for murder, and he appeals from a decision refusing him a writ of habeas corpus.

Snow Did What Good.

STOCKTON (Kan.), Dec. 13.—Yesterday's snowstorm was general throughout the State, but as there was no wind, no drifts were formed, and railroad travel was only slightly impeded. The storm still continues, however, and if the wind increases, traffic will be impeded. Reports from all sections of the State indicate that the great good has been done to the wheat.

CUTS DOWN THE TIME.

THE ATCHISON'S LATEST MOVES STIRRING RAILWAY CIRCLES.

(ASSOCIATED PRESS NIGHT REPORT.)

Reduction of Two Hours Between Chicago and Kansas City—Prospect of Some Lively Running on the Part of the Other Roads.

(ASSOCIATED PRESS NIGHT REPORT.)

CHICAGO, Dec. 13.—The roads between Chicago and Kansas City have been stirred up by the announcement that the Atchison is intending to shorten the running time of one of its trains between the two cities by about two hours.

There is an agreement between the lines that the running time of all trains shall be fifteen hours. The notice issued by President Ripley of the Atchison that the train leaving Chicago at 10 p.m. on its road will hereafter make the time in thirteen hours has stirred up the other lines in a lively fashion. The explanation given by President Ripley is that the traffic on this one train has been so heavy west of Kansas City that it has been impossible to run it on schedule time, and it has been getting into Albuquerque day after day anywhere from one to three hours late. This upsets the schedule through to the Pacific Coast, and as it has been found impossible to make the time west of the Missouri River, Passenger Traffic Manager White of the Atchison announced that there was only one thing for the line to do, and that was to make the necessary time east of the river.

COLOR LINE IN ILLINOIS.

The Fight Has Now Got Into the Supreme Court.

(ASSOCIATED PRESS DAY REPORT.)

ALTON (Ill.), Dec. 13.—The public-school color-line fight will be transferred to Springfield. Mayor Henry Bruuggeman, City Councilor H. S. Baker and Attorney J. F. McGinnis will go there today to file in the State Supreme Court the final answer of this city to the petition of the colored citizens for a writ of mandamus to compel the admission of colored children indiscriminately to all public schools in this city.

MAY BECOME BLIND.

The Condition of Mrs. Herman Oelrichs Becoming Worse.

(ASSOCIATED PRESS DAY REPORT.)

NEW YORK, Dec. 13.—The condition of both of the eyes of Mrs. Herman Oelrichs has become alarming, and it is feared that she may become blind. This is the result of an accident the met with December 4, when a falling cat struck the white of one eye. Dr. Knapp, the famous oculist, and two other physicians are still treating her, and three trained nurses are in attendance. Mr. Oelrichs told a friend that one of his wife's eyes is badly ulcerated and that the other is sympathetically affected and useless for the present at least. Today a consultation of the specialists was held to determine whether or not Mrs. Oelrichs's eyesight can be preserved.

***The foremost baking powder in all the world.**

The Times

THE WEATHER YESTERDAY.

U. S. WEATHER BUREAU, Los Angeles, Dec. 13.—(Reported by George E. Franklin, Local Forecast Office.) At 5 o'clock a.m. the barometer registered 30.3; at 5 p.m., 30.0. Thermometer for the corresponding hours showed 53 deg. and 63 deg. Relative humidity, 5 a.m., 24 per cent; 5 p.m., 32 per cent. Wind, 5 a.m., north, velocity 5 miles; 5 p.m., west, velocity 4 miles. Maximum temperature, 79 deg.; minimum temperature, 56 deg. Barometer reduced to sea level.

DRY BULB TEMPERATURE.

Los Angeles 63
San Francisco 48
Portland 45
Amesbury 32
Kansas City 32
Bismarck 20

Weather Conditions.—An area of high pressure over the mountain and plateau regions, from whence the gradients diminish toward the Southwest. These conditions are giving warm, clear weather in Southern California, with very dry northerly winds. A storm is central off Vancouver Island, and cloudy weather with rain prevails from the North Pacific Coast, with a gale at Portland. Snow is falling in the mountain regions of Washington and Oregon; also this morning in the Lower Missouri Valley and in Iowa, and generally cloudy weather prevails from the Missouri River to the Mississippi Valley.

Forecasts.—Local forecast for Los Angeles and vicinity: Fair weather tonight and Tuesday.

WEATHER FORECAST.

SAN FRANCISCO, Dec. 13.—For Southern California: Cloudy Tuesday, squally winds.

ALL ALONG THE LINE.

School Director Webb was delicately conscious of the fact that he was occupying an indicted official so long as his plan for filling the place of Adams seemed likely to succeed without his vote, but when Director Davis smashed the programme he forgot propriety, promised and "peculiar positions" and exhibited the most amazing effrontery in his old bullying style.

The application for a license for a saloon near the Newsboys' Home and the Ninth-street school will be heard today by the Police Commission. Strong protests will be presented, and if the wishes of the residents in the neighborhood are respected, there will be no gin mill at Ninth and San Pedro streets. The persistence of liquor sellers in trying to locate a saloon near the home is peculiar.

The Council was induced to relieve Webb apparently by the representation that he would not participate, while under indictment, in the proceedings of the Board of Education. The reliever was secured by false pretenses, which were advanced by the City Hall, and it gave Webb a chance to try his cunning plan of restoring the solidity of his faction in the board.

As the residents of the City of Grief are at present deep in the burning question of whether a garbage crematory is or is not a nuisance, it may be presumed that for a few weeks to come, while they are holding their noses, they will not have much chance to indulge in measly remarks about San Pedro Harbor, for which the citizens of Los Angeles should be truly thankful. It is an ill wind that blows nobody any good, even though it comes from a garbage crematory.

Walter L. Webb, the accused and indicted member of the Board of Education and mortgagee of the Ninth-street seat in the Council, is unfortunately in his friends. All the political crooks, jobbers and bootlickers in the city are defending him and denouncing the "purly punk." The "purly punk" is the term applied by the political "graffers" to citizens who have the hardihood to denounce thieves and the effrontery to demand that the city's business be managed with common honesty and decency and not prostituted to the profit of blackmailing handiwork.

Pomona has redeemed itself from back-woods methods by phooling the Superintendent of Schools in the maintenance of discipline. Prof. Guttery having been promptly acquitted by a jury of a charge of battery, growing out of the chastisement of a pupil. The same case will come before the Board of Education of the county tomorrow, and it is believed the verdict will be as promptly rendered. There is now but one thing lacking to complete the solution of this case. The young men who were led into rebellion in the Pomona High School should now be made a mistake, as many an older person has done, and return to their studies.

BOY KILLED.

Sad Fate of a Young Son of Al Graham.

Karl, the eleven-year-old son of ex-Deputy Sheriff Al Graham, was thrown from a wagon and killed at Loma Drive, near First street, shortly before noon yesterday. The boy was taking a ride with an older boy who was driving a delivery wagon for James Langdon, proprietor of a fuel and feed yard at No. 1109 Temple street. Young Graham was allowed to take the reins in order to show his skill at driving. All went well until a steep grade was reached, when the pole of the wagon became detached from the harness, became unmanageable. As they dashed down the grade, the boys were bounced from the seat and young Graham fell to the ground, sustaining injuries from which he died in a few minutes. The blood gushed from his mouth as he was picked up and carried into a neighboring house. The patrol wagon was sent for, but the boy was dead before it arrived at the scene. The wagon was overturned, but the driver escaped uninjured.

Groans, Glares and Howls.

[San Diegoan-Sun.] The Los Angeles Times, at able length, explains how it has arranged for an annual appropriation of \$400,000 a year from the government to be applied to San Pedro Harbor and other "water" projects. The explanation is mostly needed, and concludes in a bright sorrel tone of voice: "Dye hear, San Diego, City of Grief—hey! Yes, yes; Los Angeles, City of Howls, we hear. Now go ahead with your howling over the things you are going to get, but mean time do not glare at us in that tone of voice."

Back to Back and Face to the Foe.

[Oakland Tribune.] Los Angeles is rapidly becoming one of the best newspaper towns in the West. There is one good thing about the elements of business life in that part of the State—although they are continually fighting one another yet when the interests of the community are at stake they stand shoulder to shoulder like brothers. This is the proper theory—competition with each other, but consolidation against an outside foe.

Society.

The Monday Musical Club was delightfully entertained by Mrs. Modin-Wood and Mrs. W. D. Larrabee yesterday afternoon at the residence of the former on South Pearl street. The programme, which was most enjoyably rendered, included a vocal solo, "Protestations," by Miss Madge Rogers, with violin obligato by Arthur Perry; vocal solo, "Wondrous Is the Power," (Bendel)—Dr. Semler; a piano solo by Miss Kent; vocal solo, "The Holy City," (Adams)—Mrs. J. T. Newkirk; violin solo, "Reverie," (Vieuxtemps)—Arthur Perry; piano solos, two studies by Mendelssohn, Mrs. J. S. Vossburg; vocal solo, "The King of Thule," (Liszt)—Mrs. T. E. Rowan, Jr.; violin solo by Miss Dora James and a vocal solo by Mrs. J. J. Schallert, with cello obligato by Miss Madge Rogers. The drawing-rooms and hall were effectively decorated with poinsettias and the dining-room with red carnations and maldenhair. Besides the club members, the guests were:

Medames—Godfrey Holterhoff, C. B. Jones, Jack Levine, S. B. Caswell, Carvel, Stanford, A. H. Braly, J. T. Newkirk, T. E. Rowan, Jr., Board, L. D. Sale, Jenny Kempton, Chapman, Board, Dr. Semler, Arthur Perry.

Mr. and Mrs. F. O. Wyman gave a reception last evening at their residence on Bonnie Brae street in honor of Mr. and Mrs. R. A. Maynard, who will leave this morning for Salt Lake City, where they will take charge of the Unitarian Church. Mrs. J. A. Osgood, George Rice, Kate Tupper Galpin, Fred Fay, George M. North, and the Misses Minnie North, Julia Wyman and Grace Maynard assisted. The drawing-rooms were very simply and attractively decorated with chrysanthemums, roses, papirus and smilax, and the reception hall with scarlet holly. Among the guests were:

Heineman, E. S. Rowley, W. A. Spaulding, E. H. Enderlein, L. D. Willard, L. W. Godin, Henry Steere, W. C. Furrey, Barnum, Rowe, Addie Murphy, Barnum, Messrs.—J. A. Osgood, J. N. Davidson, G. M. North, Edson, Rowan, L. W. Godin, E. H. Howard, Fred Fay, Galpin, G. Fay, Sampson, Jr., D. G. Peck, R. W. Pridham, Rowan, Heineman, Griggs, Rowley, Spaulding.

Explorer Nansen was the subject of discussion at the meeting of the lecture section of the Ebell at the club-house yesterday afternoon. Mrs. G. D. Ruddy, the curator, introduced the subject by reading a series of newspaper clippings, giving an account of the ovations received by Nansen in various eastern cities. Mrs. R. B. Ashley gave a review of the explorer's new book and Mrs. H. E. Praeger read numerous selections from the glowing speeches of Nansen's countrymen at the Chicago banquet. Others who contributed to the programme were Messrs. William Fuller, J. B. Millard and William Knippenberg. It was announced that a lecture would be given by Nansen in this city as soon as arrangements for the date could be made.

The Young Ladies' Auxiliary Sewing Circle will hold a charity bazaar Wednesday afternoon and evening in the vestry rooms of the temple on Ninth and Hope streets. The affair is under the direction of Miss Kremer, president of the circle, assisted by the other officers, the Misses Laventhol, Leah Hellman, Carrie Gans and Mrs. H. Klein. The patronesses are Mrs. Morris Meyberg, T. Kingsbaker, H. Rowan, C. Stern, M. Kremer, S. Prager, M. Jacoby, L. Lewin, H. Siegel, V. Katz, H. Frank, S. Hellman and M. Jacoby. A large assortment of beautifully-dressed dolls, a fascinating array of handsome pillows and daintily embroidered linens will be offered for sale, but the feature of the bazaar will be a large and rarely beautiful collection of Spanish drawwork, which has been imported especially for the purpose and sold at extremely reasonable prices. There are lunch cloths, "runners," centerpieces, dollies and handkerchiefs and all of the most exquisite designs. Sandwiches and coffee will be served during the afternoon, and ices, cake, punch and coffee in the evening. Arend's Orchestra will furnish music during the evening.

The music section of the Ebell, with Miss M. C. Pearson as curator, is a rapidly-growing and very interesting part of the club. The section, which at present includes thirty members, meets on the second and fourth Mondays for the general study of music, not only as an art, but as literature and history. At each meeting some composer or musician is taken up and a study made of his life, surroundings, work, temperament, the time in which he lived, the instruments he used and all that might tend to influence his work. In connection with the section is a choral class for the study of opera, oratorio, glees and choruses that are adapted for women's voices. The music of the Bible, a subject continued from the last meeting, occupied the attention of the section yesterday. Miss Wiswell read a paper on the songs of the Bible and the psalms of David, while Mrs. T. D. Hammond described the instruments in use at that time. A general discussion of Mendelssohn's life followed, the special characteristics of his compositions were considered and his writings compared with those of several other composers. The musical programme included vocal solos by Mrs. Le Doux and Miss Worm, accompanied by Miss Reilly, and a piano solo by Mrs. Seeley. The meeting closed with a choral drill led by Miss Pearson. The subjects for the next meeting will be Mile. Chaminade and Mme. Schali.

HELD TO ANSWER.

A Boy Highwayman and an Alleged Pickpocket.

The preliminary examination of Johnnie Bowser, the boy highwayman, in Justice Owens' court yesterday resulted in his being held in \$1000 bail to answer the charge of grand larceny in the Superior Court. The boy will doubtless be sent to Whittier. Victoria Salas was held in \$1000 bail to answer for grand larceny, on evidence that tended to show that he picked a woman's pocket in front of the People's Store about ten days ago. The fellow was detected in the act by the woman's son, who compelled him to return the purse which he had stolen. Salas offered no defense at the preliminary examination.

United States District Attorney F. P. Flint and Postal Inspector M. H. Flint, both went to San Francisco Saturday night on a business trip.

Ladies!

Allow us to say
A few words to you today. We spend the greater portion of the year talking to the *men folks*, but today and for the next ten days we want to talk to you—to have a personal visit from you. We therefore extend a

Special Invitation
to visit our store today or during the coming ten days.
A superb collection
of rich and handsome merchandise,
among which are many
new styles especially suitable for
Holiday Presents now ready for
your inspection.

In addition to our lines of fine Hosiery and Underwear, which are always acceptable, we append a short list of articles of which we have a large and choice selection, and from which many presents suitable for gentlemen may be selected:

THE PUBLIC SERVICE.
REPRIEVED.
WEBB ALLOWED ANOTHER WEEK OF OFFICIAL LIFE.
Annual Reports of the City Department—Tests of Local Asphalt to Be Made.
AFTER THE JURY FIXERS.
NICHOLSON INDICTED FOR AN ATTEMPT TO BRIBE.
Now Serving Time for Contempt of Court—The Fate of Juror McIntyre to Be Decided Today.

The Council decided yesterday morning to defer action for one week upon the matter of suspending Walter L. Webb from his office of school director. Only two Councilmen voted against the motion to postpone.

The annual reports of city officials for the year ending November 30 were presented to the Council and referred to the City Auditor for verification.

The proposed change in the asphalt paving specifications, permitting the use of the local product, is again under consideration, and samples will be sent to Washington for analysis by a government official.

Frank R. Nicholson, who was sentenced to 250 days' imprisonment last week with an alternate of \$500 fine for contempt of court, on a charge of having attempted to bribe Juror George A. Longfellow in the Compton forgery case, was indicted by the grand jury yesterday, upon practically the same charge.

A decision in the McIntyre contempt proceedings, arising from the same trial in which McIntyre served as a juror, will be handed down today by Judge Shaw in Department Five.

AT THE CITY HALL.
STILL HOLDS HIS JOB.

THE COUNCIL ALLOWS WEBB A WEEK OF GRACE.

Annual Reports from Various City Officials—Negotiations With the Water Company Will Be Reopened—Asphalt Paving Specifications Considered.

The City Council decided yesterday morning to postpone action upon the resolutions adopted at the mass meeting Saturday night, asking that the Council suspend from office School Directors Webb and Adams. A motion to defer the matter for one week was carried by a vote of 10 to 2, only President Silver and Councilman Baker voting in the negative.

The Council also deferred action upon the proposed alley in the block bounded by Broadway, Hill, Fourth and Fifth streets. It is expected that some amicable settlement will be reached this week between the conflicting interests which have stirred up so much controversy over the matter.

Annual reports were received from various city officials, and were referred to the Auditor for verification.

The hearing of protests against the widening of Bellevue avenue was referred three days.

The morning was chiefly occupied with the presentation of reports and routine business. The only matter of special interest was the consideration of a petition presented by J. W. Hendricks, Esq., and signed by about seventy voters of the Ninth Ward. The petition was as follows:

INTERCEDE FOR WEBB.
"We, the undersigned residents and voters of the Ninth Ward, would respectfully request that no action be taken by your honorable body in regard to the suspension of our representative, Walter L. Webb, until such time as the evidence in his defense is submitted to the jury. Up to the present time no opportunity has been allowed said Walter L. Webb to place evidence in his possession before the board in the trial now taking place before that body."

Mr. Hendricks said, in presenting the petition, that he was not present to defend Webb, for he knew nothing of the facts except as they had been published in the newspapers. If the investigation should prove Webb guilty, he would, Mr. Hendricks declared, would more heartily desire to see him walk the plank than himself. He had long known that there was rotteness in the Board of Education, but though he had more than once applied to Webb for assistance in securing positions for teachers, Webb had never "helped him up." He said that he was not present at Webb's request.

President Silver said that without passing upon Webb's guilt or innocence, he questioned the propriety of allowing him to continue in office and take part in the deliberations of the Board of Education, while an indictment is on file charging him with malfeasance in office.

Hutchinson said that he was opposed to suspending Webb from office at this time, inasmuch as Webb had not been participating in the business of the Board of Education for two weeks and would not do so. This statement was permitted to pass unchallenged, though of course not in accordance with the facts. It was destined to receive contradiction a few hours later at the meeting of the Board of Education when Webb not only "participated in the proceedings, but undertook to ride rough shod over the wishes of the respectable members of the board."

The resolutions adopted at the Saturday evening mass meeting, asking that Webb and Adams be suspended, were then read.

Grider moved that they be laid over one week. Baker moved, as a substitute, that they be referred to the City Attorney, that he advise the Council as to its position. The substitute was lost and Grider's motion to defer action was then carried by a vote of 7 to 2. Baker moved that the City Attorney be called in to advise the Council as to the matter.

THE ALLEY FIGHT.
Several interested property-owners were on hand to present their views upon the proposed alley in the block bounded by Broadway, Hill, Fourth and Fifth streets. There seemed to be a fair prospect of a renewal of the discussion, which occupied much of the attention of both the Council and the Board of Public Works for a number of weeks past.

Mathews averted the debate, however, by stating that a majority of the Councilmen had consented to postpone action for one week, inasmuch as there was some prospect of an amicable agreement between the warring interests that have hitherto rendered the problem so difficult of solution. Upon this suggestion the matter was laid over one week, but with the understanding that the time for filing protests should not thereby be extended.

This concluded the business of the morning session.

WILL REOPEN NEGOTIATIONS.
Another Attempt to Settle With the Water Company.
The first business set for the afternoon session was the hearing of protests against the widening of Bellevue avenue from San Fernando to Castelar streets. Baker said, however, that the City Engineer would have his survey City Engineer about two weeks and he therefore moved that the Council postpone the hearing of protests for three weeks. The motion was carried.

An ordinance of intention for the widening of Twentieth street from Figueroa street to Grand avenue was adopted.

MEAT INSPECTION.
The City Attorney presented an ordinance designed to facilitate the work of the Meat and Milk Inspector, and it was passed.

The ordinance makes it unlawful for any one keeping a corral, slaughterhouse or stock-yard or any place where meat, fish, game or poultry is kept or where meat is canned or manufactured into articles of food, to prevent or oppose the entrance of the health or police officer or to prevent or oppose any inspection by such officer. A violation of the ordinance is made a misdemeanor punishable by fine not exceeding \$100 or imprisonment not exceeding 100 days, or both.

The City Attorney also reported as follows:

"In the matter of the petition of A. Scott, I am of the opinion that a party who has signed a petition for the improvement of a street cannot withdraw his name from said petition after the filing of the same."

"In the matter of the report of the City Clerk as to property purchased by the city on tax sales prior to the now existing laws, and of the opinion that the city, through its Council, has the right to sell all its interest and title in the tax certificates covering the sale of such property."

"In the matter of the improvement of Broadway between Seventh and Main streets, I would report that the improvement of a street cannot withdraw his name from said petition after the filing of the same."

"In the matter of the improvement of Broadway between Seventh and Main streets, I would report that the improvement of a street cannot withdraw his name from said petition after the filing of the same."

WILL RESUME NEGOTIATIONS.
In accordance with the instructions of the Council, the City Attorney presented the following resolution, which was unanimously adopted:

"Be it resolved by the Mayor and Council of the city of Los Angeles as follows:

"That the Los Angeles City Water Company, successors in interest of Griffin et al., to the rights granted by said Los Angeles City Water Company to the Board of Public Works, approved July 22, 1888, a copy of which is found in the published volume of ordinances of the city of Los Angeles of 1878, at page 122 et seq., is hereby notified that the city of Los Angeles is prepared to negotiate with said company in order to determine whether an agreement can be made as to the value of the improvements made in, about and upon the waterworks now in the possession and control of said company since the date of said contract as therein provided."

STREET IMPROVEMENTS.
The City Engineer presented for approval the assessment diagram for the widening of Garibaldi street and Clara street under ordinance of intention No. 4457. The diagram was approved.

Ordinances of intention were also presented and adopted for the paving of the intersection of First and Hill streets; to establish the grade of Elia street from Marmion way to a point 312.30 feet north of Dayton street; to establish the grade of Henry street from Eastlake avenue to San Pablo street; to establish the grade of Thirtieth street from Orchard avenue to Vermont avenue; and to change and establish the grade of Figueroa street from Fifth street to a point 300 feet north of Fifth street.

Final ordinances were presented and adopted changing and establishing the grade of Witmer from Shatto street to Sixth street; changing and establishing the grade of Avenue 22 from Vermont avenue to Avenue 24; establishing the grade of the alley from Bixel street to Lucas avenue, between Seventh street and Ingraham street, and establishing the grade of Anderson street from the south line of the Clement tract to a point 205 feet south of Aliso street.

An ordinance was also adopted vacating a portion of Pecan street.

A petition was received from A. J. Collins et al., residents in the vicinity of the Good Samaritan Home, complaining that the home brings many disreputable and undesirable characters into the neighborhood. The petition was referred to the Board of Public Works.

SAN PEDRO-STREET SUIT.
Some discussion arose over the request of property-owners on San Pedro street that an appeal should be taken in the case of the city vs. W. H. Perry. The suit was brought to establish the city's claim of title to a twenty-foot strip of land running north from Fifth street along San Pedro street. The decision was referred to the city and the City Attorney expressed no confidence of obtaining a reversal of the judgment on appeal.

Mr. Gould, an attorney representing some of the San Pedro street owners, urged that the case should be taken to the Supreme court.

The City Attorney was not prepared to express a decided opinion as to the probable outcome of an appeal, and the matter was finally postponed until next Monday.

A final ordinance was adopted for opening an alley from Sixth to Seventh street, between Broadway and Hill streets. C. A. Sumner, J. E. Yeakum and C. E. Day being appointed commissioners. A final ordinance was also passed for widening Jefferson street from Vermont avenue to the city boundary, and A. C. Shafer, E. Munsey and A. B. Deseray were appointed as commissioners.

VOTE CANVASED.
The Council then proceeded to canvass the vote cast last Tuesday for school bonds. The result of the canvass was as follows:

For school bonds 541
Against school bonds 1371
For fire bonds 120
Against fire bonds 741

As a two-thirds vote is necessary to authorize a bond issue, President Silver formally announced that both the fire and the school bonds were defeated.

MOTIONS.
Grider moved that the Southern Pacific be requested to place a flagman at the intersection of Ninth and Alameda streets. The motion was carried.

On motion by Mathews the Street Superintendent was instructed to have property-owners repair the sidewalk on the north side of Third street, between Broadway and Spring street.

BOILER INSPECTIONS.
Fifteen Hundred Made During the Past Twelve Months.
The annual report of the board of engineers and the Boiler Inspector for the year ending November 30, showed that 1500 boilers, 47 elevators and 5 mangles were inspected, and 342 engineers' licenses were granted. The total expenditure for the department amounted to \$2091.80, and receipts were \$1894. The report states that no records were kept by the previous inspector, E. W. Church, so that it is impossible to make a satisfactory showing of the work of the department. It is noticeable, however, that the average number of boiler inspections made by Church during the last four months he held office was 201, while the average under Dahl's administration has been only 148.

THE POLICE DEPARTMENT.
Chief Glass Wants More Men and Two Branch Stations.
The annual report of Chief of Police J. M. Glass contained several recommendations concerning the needs of the department. The present police force is but ninety-two men, including the jailers, jail drivers, sergeants and corner men, so that there are only sixty-nine men available for patrol duty. An increase of twenty men is recommended, one-half of them to be mounted for duty in the annexed districts.

The purchase of a new covered patrol wagon, which is to be ready for service about January 1, has been made.

The Chief recommends the establishment of two branch police stations, one near the corner of Hoover and Adelaide streets, and one in the Vernon district.

The importance of having a police signal system is once more presented, and the Council is urged to appropriate \$5000 for the purpose of establishing a system with fifty boxes.

WHAT THE POLICE HAVE DONE.
During the year ending November 30, 4619 arrests were made for crimes committed in the county, and 3480 of the persons arrested were convicted. 75 of the convictions being for felonies and 36 other cases where felony is charged are now pending in the Superior Court. There were 17 convictions for petty larceny. Forty-three fugitives from other counties or States were arrested. In addition to the arrests for crime, 42 insane persons were taken to the Receiving Hospital for medical treatment. 134 persons were accommodated in the City Jail.

Lost and stolen property to the value of \$19,602 was recovered during the year.

The number of meals furnished in the jail was \$4,090, and the saving to the city by having the cooking done in the jail by prisoners, is estimated at \$7581.

Fines and forfeited bail collected in the Police Court amounted to \$7335.

THE PUBLIC LIBRARY.
Much Valuable Information in the Librarian's Report.
The report of the board of directors of the Public Library for the past year contains some important suggestions. The great need of larger quarters for the library is touched upon, and reference is made to the proposal recently made by the architect, Mr. W. H. Wadleigh, which accompanies that of the directors, is an exhaustive presentation of the work and condition of the library, and contains a large amount of very valuable information.

The receipts of the library for the year, as shown in the report, amounted to \$23,138.70, and the expenditures, \$23,992.66, leaving a balance on hand of \$5,146.04.

The number of books in the library on December 1, 1896, was 44,591. Since then 4952 have been added, 1297 books have been discarded, and 82 have been lost and paid for, making the present number of books in the library 48,316. During the year 4915 new members have been received, of whom 2045 were men and 2845 were women.

THE CIRCULATION.
The increase in circulation has been less than in previous years, amounting to only 2 1/2 per cent. Interesting comment is made upon the excellent results accomplished by the establishment of a branch department at Casa de Castelar, the home of the Los Angeles Settlement Association.

Naturally works of fiction command the largest circulation, the number for the year being 307. Magazines, second with a circulation of 84,560, and juvenile literature third with 74,503. The school circulation amounted to 25,027.

The daily circulation of the library has ranged from 563 to 3891.

CITY TREASURER'S REPORT.
A Quarter of a Million Dollars on Hand.
The annual report of City Treasurer W. A. Hackett shows the balances in some of the more important funds as follows:

Cash \$41,006.54
Salary 3,720.37
Fire department 2,529.24
Common school 39,661.24
New water 4,123.61
Library 1,316.29
Street sprinkling 8,921.30

The report presents a mass of figures showing the receipts and disbursements from the various funds in each month.

The report is summarized as follows:

Cash on hand November 30, 1897 \$ 156,096.96
Cash received during the year \$1,283,778.78
Transfers and appropriations 854,648.31
Total 2,143,429.05
Disbursements paid \$1,133,826.62
Transfers 2,048,475.96
On hand November 30, 1897 \$351,050.00

HEALTH OFFICER'S REPORT.
Statistics of Births and Deaths—Important Recommendations.
The annual report of Dr. Powers, the Health Officer, contains the following statistics:

"There were 1412 deaths reported during the year, giving a death rate of 13.7 per thousand of population of the city, which have been classified as follows:

(1) Specific infectious diseases 178
(2) Diseases of the digestive system 129
(3) Diseases of the respiratory system 298
(4) Diseases of the circulatory system 144
(5) Diseases of the genito-urinary organs 77
(6) Constitutional diseases 157
(7) Intoxication, violence and accidents 112
(8) Miscellaneous diseases 120

"Of the 1412 deaths 285 occurred in the various hospitals; 177 in the County Hospital, which receives patients from all over the county of Los Angeles."

"The coroner reported to 221 of the 1412 deaths reported. There were 39 deaths from suicide, 57 males and 2 females."

The natives of the suicides were as follows: Twenty-two, United States, 19 whites and 3 colored; 8 German, 1 English, 1 Italian, 1 Mexican, 1 Irish, 1 Swedish, 1 Swiss, 1 Japanese.

"One hundred and seventy-eight deaths of children under the age of 1 year. The assigned causes of death of these children were as follows: Seventeen from infectious diseases, 44 from diseases of the digestive system, 25 from diseases of the respiratory system, 20 from diseases of the nervous system, 9 from diseases of the circulatory system, 1 from disease of the genito-urinary organs, 30 from constitutional diseases, 1 from accident, 31 from miscellaneous causes."

"There were 4 deaths of children between the ages of 1 and 2 years, 63 deaths of children between the ages of 2 and 5 years, 39 deaths of children between the ages of 5 and 10 years. Total number of children under the age of 10 years, 324, or 23.7 per cent. of the deaths which occurred in the city of all ages."

"Fifty-seven deaths reported to have been caused by tuberculosis of other parts of the body than the lungs were classed with the specific infectious diseases, and as we believe about all of these deaths reported as due to 'consumption' or 'phthisis' were tubercular, we therefore feel justified in classing them with the tubercular, which would give us 355 deaths caused by tuberculosis, or 24.4 per cent. of all deaths during the year. Of the 57 deaths from tuberculosis in other parts of the body than the lungs, 25 were persons who had resided in the city less than one year, and also 115 of 298 deaths reported to have been caused by 'consumption' or 'phthisis' had resided in the city less than one year."

"A question arises as to the advisability of isolating tubercular patients; there is no doubt but that all apartments once occupied by tubercular patients should be disinfected before being occupied by other persons; therefore, all cases of tuberculosis should be reported if not isolated."

BIRTHS.
"Births reported to the health office during the year were 1621, 59 of which were still-born, leaving 1562 living children. 1526 of which were whites, and 38 colored; 800 males and 762 females; 899 children were born of parents natives of the United States, and the other foreign birth; 271 with one parent native of the United States and the other foreign; 18 natives of parents unknown."

INFECTIOUS DISEASES REPORTED.
"About two weeks after fiesta week, which took place in April, Dr. J. de Barth Shorb reported a case of varicella, which was removed to the City Hospital. The patient, a child, died, and the apartment was fumigated. The patient's mother, who was reported recovered and as soon as possible disinfected and fumigated."

"Three hundred and sixteen cases of diphtheria were reported during the year; thirty-seven of these proved fatal, which gave a death rate of 1.6 per cent. of all cases reported. This is the lowest death rate ever obtained in this city, which is due to a great extent to the use of the serum, and thereby the loss of the beneficial effects of this remedy during the period or stage of the disease in which it is most effective. The greater number of cases have occurred in that section of the city where there are no sewers, and where cesspools and privies are in use, and where other accumulations of filth were left. Several cases have been reported in children on or soon after their arrival in the city, justifying the suspicion of the parents that the disease was contracted on the cars by coming in contact with persons sick of the disease on the cars, or possibly by contact with the disease on the cars. Before many more weeks we hope to be able to give aid in diagnosis of all suspected cases of diphtheria by bacteriological means, thereby securing more prompt isolation and the exclusion of cases not real diphtheria."

"There were twenty-three cases of scarlet fever, of which not one proved fatal."

"Typhoid fever and measles are reported to be reported, but are not placarded."

"There were 144 cases of typhoid fever reported, twenty-five of which proved fatal, giving 17 per cent. of the deaths of the cases reported, which is high, and may be accounted for by the fact that many cases are difficult of diagnosis, and are promptly reported. We have endeavored to ascertain the source of infection in nearly all of the cases in order that we might more intelligently prevent the disease, and in our investigations we found at least 45 per cent. of all cases reported originated or were infected at points outside of the city."

"There were seven cases of measles reported, not one proving fatal."

INDIGENT POOR.
"The indigent poor who were confined in the city prison and unable to attend the free dispensary have received medical attention whenever the office has been notified of such needed services."

PESTHOUSES.
"It is to be regretted that a creditable and comfortable building has not been constructed upon the grounds now owned by the city for the reception and care of such cases of infectious diseases as should be isolated to protect the public health, and at the same time to preserve the lives and health of those who are unfortunate enough to be afflicted with such diseases. The inestimable value of a properly-constructed and conducted hospital for the purpose of providing a temporary home for those who are afflicted with such diseases, and who are unable to provide the necessary apartments for isolation and care, must be appreciated by all. Through knowledge of the manner in which such cases are too often handled in the hotels and lodging-houses, where there is usually more fear that the house may be placarded than there is of a spread of the disease."

"The fact of the existence of such a disease is kept a secret until many persons are exposed to infection, and the risk of life grows serious and the loss of property great."

"John Koyak, a pesthouse keeper, deserves credit for the cleanly manner in which he keeps the place, and his efficiency and willingness to render aid to the sick and suffering cannot be secured in any other person."

INSPECTION OF MEAT AND MILK.
"During the year there were twenty-six inspections of the slaughterhouses, 342 inspections of meat, fish and poultry markets. The inspector condemned three calves, sixteen pounds of beef, seven chickens and 38 pounds of beef."

"Until the last of May last, there was no daily record kept of the meat and milk inspection, and the dairies received no more thorough and satisfactory inspection of the meats and milk the coming year. Since the first of last May there has been a daily record kept of the number of cows in the dairies and the amount of milk sold from the dairies 1632 gallons per day. The dairies are only 13.5 per cent. solid, 86.5 per cent. water, and only 4.1 per cent. fat, and only four of the fifty samples fell below the standard in any one of the requirements."

"We are much indebted to Prof. A. J. McClatchie for valuable suggestions

and much assistance in the inspection of milk and the dairies."

NUISANCES.
"During the year the sanitary inspectors have served 861 notices to connect buildings with the public sewers; 2678 written notices to abate nuisances, 4130 verbal notices to abate nuisances and condemned the plumbing in ninety-three buildings. Formerly the notices to connect buildings with the sewers, and to abate nuisances were not invariably followed up to assure observance of the orders, but now the inspectors are keeping a strict account of all notifications made, and revisit the premises until their orders have been obeyed. In serving notices to connect buildings with the sewers, we have given from five to thirty days, according to the sanitary condition, but often we have had to repeatedly give an extension of time because of the financial inability of the parties to connect in the time given."

"Of course there have not been many complaints made to the office of neglect in collecting garbage."

"There have been many difficulties in the way of preventing satisfactory cleaning of the streets. The uneven and worn surfaces of some of the streets, the provision in the contract for machine sweeping, and the contractors' system, which has too many objectionable features to mention."

"The provision for washing and draining off the filth by water from asphalt paved streets, together with hand sweeping should be provided as soon as the present contract expires."

MONEY COLLECTED BY HEALTH OFFICE.

Removal of permits of disintements	\$104.00
Out of the State	24.00
Certificates of births and deaths	27.90
Total	\$375.90
EXPENSE OF HEALTH OFFICE.	
Salaries, Health Officer, clerk and sanitary inspectors	\$9,354.92
Sweeping inspectors, street-cleaning, milk inspector, meat inspector and keeper of City	255.00
Day laborer	138.16
Supplies for the City Hospital	93.60
Postage, stationery and supplies	93.60
Total	\$10,551.57

ASPHALT PAVING.
Decision Reached by the Council in Executive Session.
The Councilmen held a meeting last Friday behind closed doors to consider the much-vexed question of amending the specifications for asphalt paving so as to permit the use of the local asphalt.

For some time past the Board of Public Works has been engaged in gathering samples of the asphalt produced by the local firms. The Pittsburg Oil and Paving Supply Company of Ventura county made application to have its product considered also.

The result of the meeting last Friday was a resolution authorizing the Board of Public Works to go to Ventura and obtain samples of the asphalt of the Pittsburg Company, so that, together with the samples obtained in Los Angeles, they might be sent to Washington for analysis by a government chemist.

In accordance with this resolution, Ashman and Blanchard went to Ventura on Saturday, Mathews being unable to go. The desired samples were obtained.

It was suggested that the firms from whom samples were obtained, should defray the expense of the tests at Washington. It is probable, however, that the Council will conclude to charge it up to the city.

Final Inspection of Streets.
The Street Superintendent will make final inspection of Elizabeth and Rosalbe streets tomorrow morning at 9 o'clock.

Will Tie the Mark.
The Los Angeles Railway Company and the Tracoe Railway Company have finally signed contracts with A. M. Austin for paving the center of Third street from Crocker street to the Santa Fe depot.

NICHOLSON INDICTED.
GRAND JURY CHARGES HIM WITH ATTEMPTS TO BRIBE.
A New Turn in the Compton Jury Scandal—Decision to Be Rendered Today in the McIntyre Contempt Case.

The grand jury filed an indictment against Frank R. Nicholson yesterday in Judge Smith's court, charging Nicholson with having attempted to influence George A. Longfellow, a juror in the McIntyre case, for a bribe of \$100, which was promised Longfellow if he "would do the right thing by Compton."

The court ordered Nicholson's bail fixed at \$2000.

Nicholson is at present serving a 250-day sentence for contempt of court for practically the same offense, being unable to pay the alternative \$500 fine imposed by Judge Smith.

Judge Shaw announced yesterday afternoon that a decision in the contempt proceedings against J. McIntyre, who was a member of the Compton jury, and who is charged with having attempted to influence his fellow juror, the statement that Judge Smith and Bailiff Marsh had expressed themselves to him as satisfied that Compton was innocent, would be handed down this afternoon at 1 o'clock. Judges Clark and Allen sat with Judge Shaw at the hearing of the case on Saturday last.

A FAULTY INFORMATION.
Another Continuance Caused by it in the Wilde Case.
On Friday last Charles L. Wilde was billed to plead in Judge Smith's court to the charge of having raised checks on the American Fraternal League, of which he formerly was secretary, but upon the statement of Wilde's attorney that a good reason existed for the filing of a demurrer to the information and that a motion to have it thrown out would be granted at length, a continuance was granted till yesterday morning.

After the argument was made by Attorney Conkling yesterday, Judge Smith found that there were several important defects in the information, and ordered a further continuance to allow the District Attorney to file a new information.

DARLING'S DARLING.
Attempt to Stop Prosecution by Marrying the Trednick Girl.
The preliminary examination of Frank O. Darling, charged with having committed rape upon the person of Eva Trednickina, a Commercial-street-lodging-house on Thanksgiving day, was resumed in Judge Young's court yesterday behind closed doors. The only important witnesses were the mother, who appears as the complaining witness, and the daughter upon whom the outrage is alleged to have been committed. Darling's attorneys called attention to a defect in the complaint, but did not raise this as a point in the defense. They will, however, argue upon a motion for non-suit this morning.

Darling was formerly a telegraph

Guitars.....

Make most acceptable gifts, especially to friends who are of musical tastes. Not only are they easily learned but they make an ornament for a room that is truly pleasing. As a stimulant for a musical education to the younger members of the family these instruments are without an equal. Give HER a Guitar.

Our Stock Is Most Complete

Embracing, we might say every kind ranging in price from the economical kind up to those costing hundreds of dollars. We would be pleased to have you look over the entire line.

operator at Colton in the employ of the Southern Pacific Company. On the 20th of November, it is alleged, he invited the Trednick girl out for a buggy ride, and the invitation was accepted. The couple finally turned up in Los Angeles and took quarters in the Arlington, on Commercial street, where Darling was subsequently arrested.

Darling does not deny that he brought the Trednick girl to this city, and has expressed a willingness to marry her.

MARRIED LIFE.
Two Wives and One Husband Who Grew Tired of It.
The suit for divorce brought by Mrs. H. Bothmel against James Bothmel was again postponed by Judge Allen yesterday. An order was issued, however, that the wife should be paid \$25 a week until the divorce proceedings should be finally decided.

Ida W. Wilson was granted a decree of divorce from S. D. Wilson by Judge York yesterday. The divorce was granted on the ground of desertion. The wife is but 15 years of age, and is the mother of a child, which has been in the care of the King's Daughters in this city several weeks past. The plaintiff stated on the stand that she had lived with her husband only a few weeks when he began abusing her so that she could no longer live with him.

Judge Clark granted a divorce to George R. Baird from Fannie S. Baird yesterday for desertion. The plaintiff

declared that his wife had proved to his satisfaction that she was accustomed to a "higher grade of living" than that which he was able to provide for her.

FLOTSAM AND JETSAM.
Miscellaneous Driftwood Thrown on the Courts.
INCORPORATION. The Lake View Town Company has filed articles of incorporation, with a capital stock of \$500,000, \$300,000 of which is actually subscribed. The directors are R. J. Waters, W. A. Main, F. E. Brown, C. E. Fish and R. E. Archer. The principal object of the corporation is to acquire and hold water rights and water properties, rights-of-way, etc.

INFORMATIONS FILED. Informations were filed yesterday in Department One against Wilford S. Glover for assault with a deadly weapon, and against Alexander Adams for burglary. Two charges, and Charles Trinkle and Andrew Franklin for grand larceny.

CONTINUED. Upon motion of Byron L. Oliver, Esq., yesterday Judge Smith postponed the date for passage of sentence on A. E. Davis, convicted of forgery, till the 16th inst.

INSANITY. Daniel Linnham was committed to the insane asylum at Highland by Judge Clark yesterday.

The Great Specialist.

DIAGRAM SHOWING THE SAN PEDRO HARBOR WORK.

[To illustrate the harbor specifications printed in yesterday's Times.]

LOS ANGELES' LUCK.

SENATOR WHITE'S POSTOFFICE BILL PASSED.

Appropriation of a Quarter of a Million to Be Expended on the Postoffice Building in This City.

A telegram from Senator White to Walter S. Maxwell, received last night, brings the news that Senator White's bill appropriating \$250,000 for improvements on the Los Angeles Postoffice has passed the Senate.

The money is to be used for building a wing and adding one or two stories to the present building and for the purchase of a forty-foot strip of land adjoining the present building. It is the rule of the department not to erect a government building within less than 40 feet of other property, and the purchase of a strip is necessary to the observance of the rule.

The improvements contemplated will give to Los Angeles one of the best public buildings on the Coast. It is nearly certain that the assistance of Speaker Reed can be counted upon in getting the bill through the House.

SAYS HE WAS ROBBED.

A Mysterious Story Reported by a San Gabriel Man.

A telephone message was received at the Sheriff's office last evening from Constable Smith of San Gabriel reporting that a man who gave his name as John Quincy Adams Smith had been robbed of \$420 on the highway near San Gabriel.

The robbery, as reported by Smith to the Constable, occurred late yesterday afternoon. Smith, who says he has a timber claim in the mountains near San Gabriel, from which he is furnishing stove-wood to the neighbors, told the story to the Sheriff over the wires late yesterday evening. He was on his way from Los Angeles to San Gabriel, and stopped on the roadside to cook his noonday meal. While thus engaged three men drove up in a buggy and asked him if he

wished to purchase some bacon. Smith replied that he had all the bacon he needed.

"We've got bacon here that is better than yours," said one of the trio. "A sick elephant, sir," he cries all the time; we don't know what to do with him, was the answer.

Mr. Kipling hurried away from me in the direction of the lament, which was growing louder and more painful. I followed and saw him go up close to the cage, where stood an elephant with sadly drooping ears and trunk. He was crying actual tears at the same time that he mourned his lot most audibly.

In another moment Mr. Kipling was right up at the bars, and I heard him speak to the sick beast in a language that may have been elephantese, but certainly was not English. Instantly the whimpering stopped, the ears were lifted, the monster turned his sleepy little suffering eyes upon the visitor and put out his trunk.

Mr. Kipling began to caress it, still speaking in the same soothing tone, and in words unintelligible to me, at least. After a few moments the beast began to answer in a much lower tone of voice and evidently recounted his woes. Possibly elephants, when enjoying poor health, like to confide their symptoms to sympathizing listeners as much as do some human invalids. Certain it was that Mr. Kipling and that elephant carried on a conversation, with the result that the elephant found his spirits much cheered and improved. The white went out of his voice, he forgot that he was much to be pitied, he began to exchange experiences with his friend, and he was quite unconscious, as was Mr. Kipling, of the amused and interested crowd collecting about the cage.

At last, with a start, Mr. Kipling found himself and his elephant observed of all observers, and he had a hasty retreat, leaving behind him a very different creature from the one he had found.

"Doesn't that beat everything you ever saw?" ejaculated a compatriot of mine, as the elephant trumpeted a loud and cheerful good-bye to the back of his vanishing visitor, and I agreed with him that it did.

"What language were you talking to that elephant?" I asked when I overtook my friend.

"Language? What do you mean?" he answered, with a laugh.

"Are you a Mowgli?" I persisted, "and can you talk to all those beasts in their own tongues?" but he only smiled in reply.

Charming Complacency.

[Oakland Tribune.] A civic league here will not find much work to do. There is probably no city in the State of California where less municipal abuses exist than in Oakland. Compare our city with Los Angeles and San Francisco, for instance—the first named, with its corrupt school board and the metropolis with its system of bonds government. The proposed league has, of course, been planned with the best intentions, but is not the mere fact that it has been deemed necessary rather likely to give Oakland a black eye to the rest of the State?

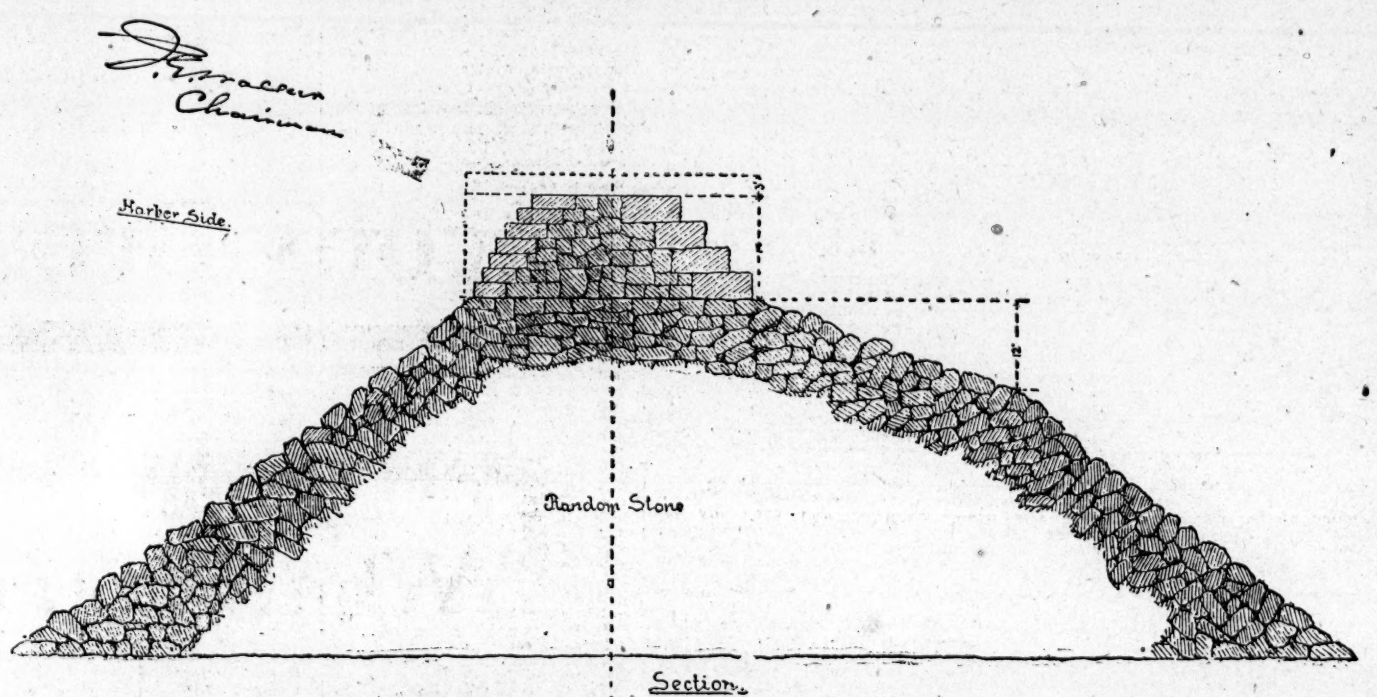

What little gambling there was about town has been suppressed, the strongest liquor laws are rigidly adhered to, our city and county officials are free from the suspicion of corruption, so, after all there will be but little to reform.

TO CURE A COLD IN ONE DAY.

Take Laxative Broom Quinine Tablets. All druggists refund the money if it fails to cure. The genuine has L. B. Q. on each tablet.

Scale: 1/2 in. = 10 feet.

eyes and breaking his nose. It is thought the young hoodlum used brass knuckles or had a stone in his hand, as it does not seem possible that he could otherwise have used the Chinaman up so badly. Bryant was released on bail.

Grand Army Reunion and Reception

The general committee for the reunion of old soldiers and sailors and the reception to Gen. W. S. Rosecrans and Mrs. Gen. John C. Fremont, to be given at Hazard's Pavilion on Washington's birthday, met in the Byrnes Building last evening. In addition to the members of the committee from the posts and corps of the city, a number were present from Pasadena and Downey.

Capt. Hyatt presided in the absence of the chairman, and considerable preliminary business was transacted. W. S. Daubenspeck of the Committee on Hall exhibited a plan of the arrangement for the banquet, with sixteen tables running the length of the pavilion, capable of seating 2000 people.

A matter of some discussion was whom to invite and where to draw the line. As the plan embraces the entire county, it was finally decided to include all surviving soldiers and sailors and their wives, the Sons of Veterans and wives, the ladies of the Women's Relief Corps, the Ladies of the G.A.R., the Women's Auxiliary of the Union Veteran Legion and their husbands, and widows of old soldiers of the war of the rebellion.

Owing to his age and condition, it is possible that Gen. Rosecrans will be unable to be present, although it is hoped he may be able. Col. L. P. Crane, chairman of the Finance Committee, reported that he would appoint his assistants in a few days, when active work will be commenced to raise funds for the affair.

Gen. Smith of the Soldiers' Home and staff are expected to be present and participate in the event.

The members of the general committee, which is composed of members of all the G.A.R. posts and W.R.C. of the county, are very enthusiastic, and the affair promises to be the grandest gathering of old soldiers and sailors ever held in Southern California.

Another meeting is called for the 27th, when sub-committees will be appointed and other final preliminaries arranged.

Police Court Notes.

Justice Morrison gave a dozen vagrants, arrested by the police over Sunday, their liberty on "floaters."

Twenty-four Chinamen arrested Sunday night for playing fan-tan or visiting a gambling joint, had their cases continued till today for pleading.

Joseph Bramlett, the colored youth who indulged in a little gun practice on Sixth street Sunday afternoon, was let off with a ninety-day fender for carrying a concealed weapon.

The petty-larceny complaint against Ed Wall was dismissed.

Kipling at the Zoo.

[San Francisco Argonaut:] An American traveler who spent some time in the company of Rudyard Kipling in London lately tells the following story: "One afternoon we went together to the zoo, and, while strolling about, our ears were assailed by the most melancholy sound I have ever heard—a

complaining, fretting, lamenting sound, proceeding from the elephant-house. "What's the matter in there?" asked Mr. Kipling of the keeper.

"A sick elephant, sir," he cries all the time; we don't know what to do with him, was the answer.

Mr. Kipling hurried away from me in the direction of the lament, which was growing louder and more painful.

I followed and saw him go up close to the cage, where stood an elephant with sadly drooping ears and trunk.

He was crying actual tears at the same time that he mourned his lot most audibly.

In another moment Mr. Kipling was right up at the bars, and I heard him speak to the sick beast in a language that may have been elephantese, but certainly was not English.

Instantly the whimpering stopped, the ears were lifted, the monster turned his sleepy little suffering eyes upon the visitor and put out his trunk.

Mr. Kipling began to caress it, still speaking in the same soothing tone, and in words unintelligible to me, at least.

After a few moments the beast began to answer in a much lower tone of voice and evidently recounted his woes. Possibly elephants, when enjoying poor health, like to confide their symptoms to sympathizing listeners as much as do some human invalids.

Certain it was that Mr. Kipling and that elephant carried on a conversation, with the result that the elephant found his spirits much cheered and improved.

The white went out of his voice, he forgot that he was much to be pitied, he began to exchange experiences with his friend, and he was quite unconscious, as was Mr. Kipling, of the amused and interested crowd collecting about the cage.

At last, with a start, Mr. Kipling found himself and his elephant observed of all observers, and he had a hasty retreat, leaving behind him a very different creature from the one he had found.

"Doesn't that beat everything you ever saw?" ejaculated a compatriot of mine, as the elephant trumpeted a loud and cheerful good-bye to the back of his vanishing visitor, and I agreed with him that it did.

"What language were you talking to that elephant?" I asked when I overtook my friend.

"Language? What do you mean?" he answered, with a laugh.

"Are you a Mowgli?" I persisted, "and can you talk to all those beasts in their own tongues?" but he only smiled in reply.

SMALL BLAZES.

Fire Department Kept on the Run Yesterday.

The fire department was called out several times yesterday in response to alarms. The first was for a small blaze in a stable at the rear of Dr. W. D. Babcock's residence, No. 726 South Alvarado street. The flames were extinguished by a chemical engine before much damage was done.

At 1 o'clock several engines made a run up the hill to No. 331 Court street from near which place huge volumes of smoke were seen ascending. It turned out to be only a heap of burning rubbish, set afire by John Morrow, an old man whom Mrs. Hopperstead had hired to clean up her yard. Morrow was arrested by Deputy Constable Mugnemi

for violating the fire ordinance. He was quite frightened when taken before Justice Morrison in the Police Court. He pleaded ignorance of the ordinance and was let off with a fine of \$1, which was afterward remitted to him by the court.

At 1:40 p.m. two alarms were rung in for a blaze at Eighth and Los Angeles streets, where a colored woman allowed her gasoline stove to get beyond control. About \$200 damage was done before the flames were subdued. The house was one of a row of tenements belonging to Dr. Ybarondo, all of which would have been swept away but for the prompt work of the fire ladders.

Christmas for Newsboys.

Contributions of walnuts, apples, candy, raisins and oranges for the newsboys' Christmas festival are coming in from outside towns and from friends in this city. Wells, Fargo & Co. are receiving and delivering the contributions free of charge. Contributions of money may be sent to The Times office. The prospects of a merry Christmas for the youngsters are excellent.

Naughty Ah Sen.

For ways that are dark and tricks that are vain, Ah Sen is perhaps no more peculiar than many another Chinese. The peculiarity of this particular heathen Chinese has got him into serious trouble, however. The bland and childlike Ah Sen purloined a pocket-book in the store of N. Strauss & Co., yesterday morning, but a clerk happened to be looking right at him as he deftly pushed the purse up his

sleeve. Sen showed resistance when asked to disgorge, and was not subdued before the clerk hit him on the nose, causing that organ to spread all over his face and bringing the ruddy Chinese gore forth in a stream. The unhappy Celestial was handed over to Officer McClain, who booked him for petty larceny.

A Violent Colored Boy.

Deputy Constable Quinn arrested a tough colored youth named Ernest Bryant yesterday on a warrant charging him with battery. Bryant's victim was a Chinaman, Quong Sue, who was teased by a crowd of boys last Friday evening as he was passing the Burbank Theater. The boys threw cranberries at the Chinaman, and when he turned to remonstrate, the Bryant boy

We mean this emphatically and it is for everybody. All correspondence cheerfully answered.

NEWS FROM THE LOCAL CALIFORNIA

VARICOCELE

Takes the Snap Out of a Man—
Makes Him Weak and Nervous—
Destroys Physical Energy—
Robs Him of Ambition.

NOTHING HURTS A MAN'S VITALITY more than Varicocele. It drains the mental vigor as well as physical strength from the man who has it. It is only half the man he ought to be. Nothing cures it so quickly as the Sanden's Electric Belt, which is now arranged especially for this trouble. Its work is done quickly. The worst cases yielding in one or two months.

My Varicocele is cured after the use of your belt for a couple of months.

This wonderful belt has made a nation stronger. Book free; full information. Call or address
